MEMORANDUM FOR [REDACTED]

FROM: [REDACTED]

SUBJECT: [REDACTED]

1. Attached is proposed letter to Civil Service Commission requesting extension of time in which to file brief.

2. [REDACTED] (ney) called me this morning to inquire as to whether or not we would appeal. I advised him we had noted an appeal and he asked for a copy of our appeal brief when ready, having been advised by the Commission that he would have to obtain one in this manner. I was non-committal but see no reason for refusing if we submit one, since he can go to the Commission and read it anyway. He stated he would send me a copy of his 53-page brief filed subsequent to the hearing before the Commission. I stated that we would ask for an extension of time and he stated he had no objection to this, as he realized the Chief Law Officer's opinion is undocumented as to page reference to the Agency hearing and that critical review might therefore be a somewhat slow process. I did not refer to matter of the apparent security violation.

3. [REDACTED] Personnel has stated that he will see that the letter is delivered to the Commission by Friday, 24 April.
